

**JOINT MEETING
TRUSTEES\FINANCE COMMITTEE
JUNE 17, 2019**

Purpose: Inform the Trustees and Finance Committee of the June 20th FEMA sponsored purchase of the property located on 471 Third Street and 218 Long Avenue.

Agenda:

- Opening Prayer and Introduction: Pastor Lentz
- Background: Karl Burgher
- Purchase Mechanics Bill Brown
- Comments Questions: Pastor Lentz, Boyd Pickett, Guerry Magidson
- Close Pastor

Background: As the REBUILD process progresses the need to move the staff to a location away from the construction is required for safety, health and productivity reasons. Also the MLC location, although workable, is not supportive of parent expectations and growth. Options to resolve both issues were developed and vetted by the staff. The one option that kept coming to the front as the most logical and with the best possible future use and value was the purchase of the properties on Third Street and Long Street.
